JEFFREY ALAN MARKS

Recognized as one of today's most influential American designers, Jeffrey's work is infused with the same lighthearted, good-natured disposition as the Southern California talent himself. With a thoughtful and tailored sensibility, his designs are always an effortless blend of timelessness and casual livability, devoid of trend or artifice. From Nantucket Beach houses to San Francisco town houses, Jeffrey's work resonates.

A fitting collaboration between
dreamer and maker.

DREAMER

Jeffrey's purposeful and authentic spaces beg to be lived in rather than existing only to be stylish. Today this Elle Décor A-List designer's spirited aesthetic is realized beyond his fortunate clients through licensing partnerships and a broader audience can look forward to homes that are more genuine, more personal and more engaging.

JEFFREY ALAN MARKS

INSPIRED BY

POINT DUME

Photo by Lisa Romerein

“I believe that lighting has a higher purpose, to be at once illuminating and decorative, purposeful and beautiful. Lighting is the ultimate marriage of form and function and the most transformative element in a design project. The very nature of light itself is inspirational.”

JEFFREY ALAN MARKS

Jeffrey's Point Dume® lighting collection celebrates a curated mix of yesterday and today, distilling both industrial and artisanal influences. At home in a range of lifestyles from coastal to urban, the Collection is inspired by two of his favorite places, Point Dume, California, and East Hampton, New York, with exceptional

combinations of materials woven throughout. Emulating both the raw strength and the captivating honesty of the landscape, Jeffrey intuitively elevates lighting to a more authentic art form as he marries craftsmanship and style with some of his favorite materials and memories.

MAKER

In the eclectic Point Dume® Collection, the dreamer and the maker are united by the desire to provide an elevated level of home fashion to an enthusiastic design-savvy consumer. As the inaugural guest designer of Progress' Design Series brand, Jeffrey's design goals are in sync with the Design Series

philosophy — to offer sophisticated styling at an accessible price. Together they are on a journey to inspire individuals to update favorite spaces in their homes through interior and exterior fixtures that highlight artistic influence, rich finishes and fashion-forward elements.

INSPIRED BY NATURE

Celebrate the beauty of nature with modern organic spaces that are visually appealing, functional, and in harmony with the natural world to provide a sense of well-being. Floor-to-ceiling windows, greenery, and earthy color and décor elements offer a connection to nature in our modern living spaces. A textured pendant like Laila brings a sophisticated natural presence from an artisanal frame created from hand-knotted strands in an intricately woven design that delivers a delightful interplay of shadows and inviting ambient light.

*SUBLIME
MODERN DESIGN*

Simple geometric lines and curves characterize the modern design trend. Quirky and functional, this style's flair comes from its modern yet retro juxtaposition of materials and forms. A clean white palette is the perfect background for abstract art, and the solid dark lines of the table and lighting complement a set of curved white dining chairs. Lighting pieces from the Arya Collection have a lively essence created by the rhythm of slender, graceful, staggered arms that define the bold architectural form of the chandelier, flush mount light and wall brackets.

DARK AND MOODY

Exaggerated color and modern silhouettes abound in this bedroom, starting with a majestic, moody purple feature wall that draws the eye to the back of the room. A pop of royal blue complements the deep color of the walls, while the light wood flooring highlights the rich color scheme throughout. The angular metal shades suspended from an expansive frame create a signature design statement in the Trimble Collection. Its mid-century modern inspiration incorporates a streamlined approach and rich visual details that bring iconic style to luxe spaces.

Featuring Trimble

Featuring Chatsworth

FIRST IMPRESSIONS COUNT

It only takes seven seconds to make a first impression, so make it count with your front entryway. Here, classic architectural style gets a modern vibe with an unadorned column and the elongated shape of the Chatsworth lantern.

BOLD AND RICH

Adding panel molding to walls is a great way to add visual interest to a space. Color it black for double the drama, and use warm wood to balance the black walls with the gleaming white marble countertops. Finish with gold-tone lighting and hardware to add a luxurious touch. The elongated slim silhouette of the Trimble linear pendant features flat disc shades and a globe bulb for a splash of mid-century modern style, and the Silva pendant lights up a room with its stunning metallic drum and linen shade to establish a clean, modern, uplifting statement.

SHADES OF BLACK AND GRAY

Turn the shiplap trend on its head by installing it vertically on the wall and painting it an accent color. The black vanity placed against the gray wall adds a moody, comforting tone to a serene bathroom. A pair of Bonita wall sconces flank an oversized mirror, adding understated elegance to the vignette. Contemporary ladder shelving displays bath necessities against an adjoining wall for additional visual flair.

LAYER LIGHTING WITH ORGANIC ACCENTS

Add personality and whimsical charm to a dining area by mixing interesting texture and warm wood furnishings against clean white walls and light wood flooring. A trio of pendants from the Cordova Collection imbue the space with a light and airy style. Inspired by the graceful interlacing of a bird's nest, its artisanal handwoven natural rattan frame surrounds a textured white linen diffuser to create soft illumination.

Featuring Cordova

Featuring Trimble

MIX, DON'T MATCH

Mix vertical and horizontal lines in differing wood tones to give this bedroom an incredibly layered look. Decorative items on the nightstand bring texture into the space, while neutral, patterned textiles give the room a cozy feel. Accent this warm style with the simple curved lines of the Trimble pendant. An arched metal shade holds a graceful glass dome shade, presenting a rich visual interest while delivering pleasing bedside illumination.

MODERN ARTISTIC APPEAL

Raise the bar on modern design to a new artistic ideal. Warm colors, organic wood and shimmering metals create a welcoming contrast to cool white walls and contemporary art. The Lowery pendant and wall sconce add dramatic appeal with their free-form rectangular shapes finished in alternating textured black iron and softly distressed gold leaf. The Penn pendant's clear glass sphere topped with lustrous gold offers a touch of glamour over a polished wooden chest. The mixed metal theme continues in the dining area, where the Adagio pendant strikes a sculptural note above the table.

POINT DUME® COLLECTION

INDOOR

POINT DUME® / WANDERMERE

With elegant out-stretched arms and the grace of a Calder mobile, the Wandermere chandelier is “modern symmetry in balance.” Available in Brushed Brass with curved metal shades, the Wandermere is an architectural presence for any space.

POINT DUME® / ONSHORE

Continuing Jeffrey's modern take on light and movement, the Onshore series combines some of his favorite materials and finishes. Offered as a White and Brushed Brass pendant, or a "Maliblu" and Brushed Nickel option, the Onshore group is a fresh and uplifting choice for casual living. The Onshore swing arm wall sconce in Brushed Brass has a three-tiered white enamel shade that complements this lifestyle.

POINT DUME® / MOONRISE

Quintessential JAM, Moonrise is an ethereal globe fashioned of Antique Nickel and marbled white glass. With a nod to its vintage ancestry, this simple style statement manages to defy time and live quite happily in the present. Jeffrey recommends the simplicity of Moonrise's round silhouette the perfect choice when the design calls for multiples.

POINT DUME® / SHEARWATER

The Shearwater hanging lanterns and wall sconces embody Jeffrey's love of easy coastal living. His lighter lantern and sconce option combine Antique Nickel with clear glass and a soft-beige stitched leather handle, while the more traditional version of Shearwater combines Aged Brass, clear glass, and a handsome brown stitched leather handle. For a more California look, Jeffrey offers a White or Antique Nickel lantern with clear glass and his signature Maliblu accent as a pop of color in the roof of the fixture.

POINT DUME® / SEQUIT POINT

The romance and architectural presence of a lighthouse is expressed in the Sequit Point group. In the same way strips of glass increased the effectiveness of lighthouse beacons, the modern Sequit Point series benefits from a similar ingenuity. Mercury glass sleeves stand in tandem with clear glass rods to provide a familiar glow for the convertible ceiling fixture/pendant. Available in Antique Nickel and Brushed Brass.

POINT DUME® COLLECTION

OUTDOOR

“This collection of exterior lighting represents the true meaning of home – inviting spaces filled with warmth, comfort and beauty. Through these designs, I strive to capture the magic that is East Hampton, New York, a spot that is very sentimental to me and my family. The unobstructed landscape dominates, with beautiful green pastures surrounding tranquil ponds on the ocean’s edge.”

JEFFREY ALAN MARKS

This outdoor lighting extension of the Point Dume® Collection expresses the relaxed attitude of shingled homes on the East Coast shoreline married with the elegant style of Hampton estates. Jeffrey turns to a familiar mix of finishes, such as galvanized and aged metals alongside a new palette of crisp

white and artistic glass, evoking a bygone era of craftsman-ship and glamour that epitomizes Hampton retreats. These designs blur the lines between indoor and outdoor living, creating a welcoming and luxurious atmosphere for homes from coast to coast.

Featuring Point Dume® Hook Pond

POINT DUME® / SHADMORE

With the Shadmore Pendant, Jeffrey embraces bold architectural influences to create a minimalistic design that effectively blurs the lines between indoor and outdoor living. Airy interconnected geometric cubes form a spacious frame giving the light a modern personality. An elegant, marbled acrylic shade creates a striking focal point while delivering an inviting, warm glow.

POINT DUME® / HOOK POND

Evoking thoughts of Jeffrey's East Coast summer home, the Hook Pond Collection features a steeply pitched, barn-inspired roof crowned with a distinctive loop finial. A clean, modern frame holds glass panels printed with a unique silver mesh. Light is comfortably diffused from the white opal glass orb held within the scaled frame. Hook Pond wall lanterns are made with **DURASHIELD**, a durable material specially designed and tested to resist harsh environmental conditions.

POINT DUME® / EDGECLIFF

The Edgecliff Pendant celebrates the austere simplicity and functionality of America's architecturally distinct corrugated metal-clad buildings. Crisp, sharp lines form a frame of iconic metal curves, making a sculptural gesture to its traditional inspiration. Silver mesh patterned glass on each end of the frame provides a luxurious touch to the rustic design. Jeffrey recommends using exposed filament style bulbs in the open-bottom frame to further the authentic Farmhouse style of the light.

POINT DUME® / WAKECREST LED

The Wakecrest LED Wall Sconce is a contemporary take on rustic luxury. Jeffrey translated the corrugated rooflines of classic barns into a softly waved sconce frame, paying homage to the Americana aesthetic. A crisp, sharp edge defines the modern roof peak and complements the vintage character of the fixture's design. Made with **DURASHIELD**, a durable material specially designed and tested to resist harsh environmental conditions.

POINT DUME® / SEAMOR

For Seamoor, Jeffrey created a sophisticated adaptation of the utilitarian metal roofs found on farm buildings throughout the countryside. A square frame supports a wavy roof inspired by traditional corrugated rooflines. The rectangular handle is reminiscent of handles on old barn lanterns, but its oversized scale adds a contemporary element. Made with **DURASHIELD**, a durable material specially designed and tested to resist harsh environmental conditions.

LOWERY

The Lowery collection raises the bar on contemporary design to a new artistic ideal. Layered rectangular shields finished in Matte Black with distressed antique silver leaf accents or Textured Black with distressed gold leaf accents. Lowery casts a shimmering reflective light that highlights the beautiful contrast between light and dark while adding a touch of glamour.

ORRIZO

Suitable for sleek and sophisticated interiors, Orrizo presents an artful arrangement of clear glass and golden metal rods that adorn a Black band. Geometric and artisan design influences complement both Modern and Luxe settings. Common applications for these statement-making fixtures include dining rooms and bedrooms and foyers. Six-light chandelier may be staggered in a cluster or grouping for large entryway settings.

ADAGIO

An array of geometric patterns in Adagio is a nod to the musical description of a tender and melodic tone. The modern design features lights that are distributed around a circular band. Mixed metal elements, which are present in Brushed Silver and Brushed Gold accents, can complement monochromatic color palettes that are popular in homes today. Each fixture in the Adagio collection creates a focal point and is ideal for Luxe and Modern interiors.

SANTEE

A classic colonial wall lantern with contemporary touches describes Santee. Featuring a geometric frame and graphic handle, the wider beveled glass offers more refraction – and visual interest – than typical lantern designs. ICON KEY

Products referencing this logo meet the energy efficiency requirements for light fixtures set forth in ENERGY STAR® product specifications. Please refer to www.energystar.gov for specific product qualifications and list of certified products.

This marking indicates fixtures that have an integrated LED or replaceable LED module that has been tested and listed in the California Appliance Database. Check for certified lamps, fixtures or LED light engines by searching the MAEDBS database. Go to cacertappliances.energy.ca.gov

Complies with the "Americans with Disabilities Act"

Products with this icon are Dark Sky friendly by minimizing glare, reducing light trespass and skyglow.

Table 150.0A defines products that do not have to meet JA8 and can be used to comply with 2016 Title 24. The most common types include:

- Pin-based linear or compact fluorescent light sources using electronic ballasts
- GU-24 sockets containing light sources other than LEDs
- Inseparable SSL luminaires that are installed outdoors

COMPLETE YOUR DESIGN

Enhance the style of your Design Series fixture with a selection from our lighting accessories. Add a new canopy to complement the design and personalize the fixture to fit your décor. Create your own look by mounting several pendants on a multi-pendant canopy, or swap out shades for a different style or color. Order extra stem rod or chains to extend the hanging length of the fixture. *THE CHOICE IS YOURS!*

PENDANT CANOPIES, STEM KITS, CHAINS, SHADES + MORE!
